

When it Comes to Roots and Watering....Think Deep.

Welcome to Spectrum Products Inc., home of Treegator irrigation systems. Treegator is a delivery tool for life-saving water to reach the roots of a tree, enabling it to thrive. The water also helps the tree withstand the stress brought on by transplanting and the surrounding, ever changing conditions.

You and a tree are very similar. Without deep roots, nurtured by the living water, you will quickly become stressed, and surrounding conditions will cause you to wilt without hope. There is a way to thrive in this difficult time we live in.

Here is the answer.

From the words of Jesus Christ

Matthew 13: 4-9

“A farmer went out to plant some seed. As he scattered it across his field, some seeds fell on a footpath, and the birds came and ate them. Other seeds fell on shallow soil with underlying rock. The plants sprang up quickly, but they soon wilted beneath the hot sun and died because the roots had no nourishment in the shallow soil. Other seeds fell among thorns that shot up and choked out the tender blades. But some seeds fell on fertile soil and produced a crop that was thirty, sixty, and even a hundred times as much as had been planted. Anyone who is willing to hear should listen and understand!”

For an explanation of this story, here again are the words of Jesus.

Matthew 13: 18-23

“Now here is the explanation of the story I told about the farmer sowing grain: The seed that fell on the hard path represents those who hear the Good News about the Kingdom and don’t understand it. Then the evil one comes and snatches the seed away from their hearts. The rocky soil represents those who hear the message and receive it with joy. But like young plants in such soil, their roots don’t go very deep. At first they get along fine, but they wilt as soon as they have problems or are persecuted because they believe the word. The thorny ground represents those who hear and accept the Good News, but all too quickly the message is crowded out by the cares of this life and the lure of wealth, so no crop is produced. The good soil represents the hearts of those who truly accept God’s message and produce a huge harvest—thirty, sixty, or even a hundred times as much as had been planted.”

Which of these describes you?

Like a tree, you need water for your body to function properly each day. But, there is a living water that you need even more. A living water that promises an eternal life of joy after death.

John 4: 10-15

Jesus replied, “If you only knew the gift God has for you and who I am, you would ask me, and I would give you living water.

“But sir, you don’t have a rope or a bucket,” she said, “and this is a very deep well. Where would you get this living water? And besides, are you greater than our ancestor Jacob who gave us this well? How can you offer better water than he and his sons and his cattle enjoyed?”

Jesus replied, “People soon become thirsty again after drinking this water. But the water I give them takes away thirst altogether. It becomes a perpetual spring within them, giving them eternal life.”

“Please, sir,” the woman said, “give me some of that water!.....
